Dear Sirs

POSTPONEMENT OF ENHANCED REGULATED SOURCE PROGRAMME FOR SPECIFIC FOOD PRODUCTS IMPORTED FROM MALAYSIA

I refer to our circulars dated 28 November 2012 and 1 March 2013 on the Enhanced Regulated Source Programme for six categories of food products imported from Malaysia.

2 The Ministry of Health (MOH) Malaysia has recently informed AVA that they are still in the midst of registering Malaysian food manufacturing establishments which export the six categories of food products to Singapore. To prevent disruptions to the supply of these products, the Enhanced Regulated Source Programme will now be implemented on 1 January 2014 instead of the previously announced date of 2 May 2013.

3 MOH Malaysia has also provided AVA with an updated list of Malaysian food manufacturing establishments exporting the six categories of food products to Singapore. This list will be updated as and when we obtain updates from MOH Malaysia, and is available on the AVA website at:

4 If you require any clarification on the list, and the registration of Malaysian food manufacturing establishments by MOH Malaysia, you or your exporter may contact MOH Malaysia at the contact details provided below.
