

Partially Controlled HS Code for PELU

I&E Notice No. 22/96

19 Nov 96

To : All Traders, Freight Forwarders,
Cargo Agents and Carriers

For items classified under the HS code 950800000, you have to determine whether the goods is controlled or non-controlled when preparing the import permit application for submission through TradeNet. If it is controlled, eg. shooting galleries, you have to indicate "CA" in the "Exception Indicator/Type" field so that your import permit application will be routed by TradeNet to PELU for further processing and approval. However, if it is not controlled, eg. swings or playground equipment, you should leave the "Exception Indicator/Type" field blank. The import permit application will then be routed only to TDB for processing.

If you need further clarifications, please contact the following officers :

1. Mr Ng Chong Beng (PELU), Tel. No. 437 4511 or
2. Customs Call Centre, Tel. No. 6355 2000.
