To All Traders and Declaring Agents

**USE OF CENTRAL REGISTRATION NUMBERS IN TRADENET DECLARATIONS FOR TRANSIT CARGOES, USED HOUSEHOLD/PERSONAL EFFECTS AND MISCELLANEOUS TRANSACTIONS**

We have noted that there is a significant increase in the number of incorrect usage of the following Central Registration Nos. (CR Nos.) by traders/declaring agents in their submission of declarations through the TradeNet System:-

- a) 99991000000G – Imports or exports of Transit Cargoes by a Malaysian company;
- b) 99999000000N – Imports or exports of used household or personal effects; and
- c) 99999900000C – Imports or exports of miscellaneous transactions by individuals or establishments not registered with Accounting and Corporate Regulatory Authority.

2 We would like to emphasize that these CR. Nos. can only be used for the stated purposes. Traders/declaring agents are, therefore, responsible to ensure that all information declared in TradeNet® permits are true and correct including the use of these CR Nos.

3 The wrong use or abuse of these CR Nos. is an incorrect declaration of the TradeNet® permit, which is an offence under the Regulation of Imports & Exports Regulations (RIER). If you are unsure of the correct use of these CR Nos., please call our Customer Service Line at Tel. No. 63552000.
