TRADENET ELECTRONIC AMENDMENT

1. We are pleased to inform you that we have upgraded the TradeNet Electronic Amendment Module. With effect from 1 Oct 96, selected fields at the header and item levels of a pure Customs permit can be amended electronically up to 4 times without extending the total validity period. With effect from 1 Dec 96, this facility will also be extended to joint Customs/TDB permits. The fields allowed for amendment are as indicated in our earlier Circular Nos. 27/94 and 28/94 dated 9 Sep 94 and 25 Nov 94 respectively.
 2. Any request for amendment must be submitted within the validity period of the permit. You have to declare the "Amendment Request Number" in the "Amendment Request Number Field" to indicate the number of amendments submitted. Unsuccessful amendments are not taken into account for determining the amendment request number.
