LAUNCH OF THE HS ALPHABETICAL INDEX

As part of our continuous effort to facilitate trade, we are pleased to launch the HS Alphabetical Index (AI) for classification of goods.

2. The AI is based on the Singapore Trade Classification, Customs & Excise Duties, 2003 (STCCED 2003) Nomenclature. It contains a total of 12,621 items arranged in alphabetical order with their corresponding AHTN codes.

3. We believe that the AI will serve as a useful reference for you when determining the HS codes for your goods. Please feel free to download a copy from our website - <http://www.customs.gov.sg/trade/trde14.html>.

4. If you need further information on the use of the AI, please contact our Customs Call Centre at telephone no. 63552000.
